FREEING KIDS LIKE US

When we join together as a generation, we can rescue kids just like us from the nightmare reality of sexual slavery and human trafficking. While we may go to bed at night and just sleep, thousands of our peers are sexually abused again and again.

An estimated one million kids are trapped in the sex trade across the globe. A typical pro football stadium in the U.S. holds at least 60,000 fans. A pro stadium could be filled more than 16 times to full capacity with kids just like us who are sold and abused with no way out.

Destiny Rescue works in countries across the world to rescue kids out of the sex trade, care for their needs, and help them stay free. The organization is coming alongside students to empower us to join in ending the trafficking of children worldwide.

RescueOp1/20 offers us an opportunity to rescue the lives of kids like us, one \$20 bill at a time.

“

If every student in the U.S. gave one twenty-dollar bill toward rescue, nearly one million children could be rescued. That's changing the world.”

- SCOTT STOUTENBURG
DIRECTOR OF STUDENT ENGAGEMENT, DESTINY RESCUE
